CONTRACTING | TRADING | ENGINEERING | EQUIPMENT RENTAL
PROJECT SUPPORT SERVICES

President's Message

“

'Agility' conveys a sense of flexibility and adaptability, which are essential qualities in the contracting, trading, Equipment Rental and other various project support services. The term "Agility" refers to the ability to move quickly and easily, which is a valuable trait in these fields where projects often require quick response times and the ability to pivot when unexpected challenges arise. As the name suggests that our company is able to handle any job with speed and efficiency, while also being able to adjust to changing circumstances as needed that effectively communicates the company's core values and strengths.

At Agility Contracting, our core values revolve around excellence in quality, unwavering commitment to safety, and the integration of global best practices and standards. Our track record of success and the trust bestowed upon us by our clients stem from our unwavering adherence to ethics, dedication to high-quality workmanship, adherence to robust business practices, effective project management systems, skilled human resources, and a steadfast commitment to completing projects punctually. We consistently fortify our projects by embracing cutting-edge techniques, leveraging top-tier human capital, and deploying the finest construction equipment available in the industry.

”

About Company

Agility Contracting Est. is a 100% Saudi Company having various divisions in the field of industrial operation namely Contracting, Trading, Engineering, Equipment rental and other various Project Support Services. Within a short time, we acquired rapid, balanced growth and have always maintained a sound financial backup and the dedicated teamwork of our employees determined to uphold quality and safety throughout execution of the services and works undertaken. We are expecting to catch the attention of many clients and contractor companies based on high quality of the offered product in the light of construction and economic boom while working to satisfy the highest international standards of quality, and planning to build a strong image and market place in the Kingdom. Our goal is to exceed the expectations of every client by offering outstanding services with a strong background of wide range of qualified and experienced Professionals, Technicians and supporting staffs. Thus we possess a remarkable position among the best support service oriented firms in the Kingdom.

Our Mission

To be the premier catalyst for Saudi Arabia's industrial revolution, delivering world-class contracting, construction, and associated services, while fostering sustainable progress and exceeding client expectations.

Our Vision

To become a beacon of excellence and innovation within the Kingdom's industrial sector, renowned for our unwavering commitment to integrity, safety, and unwavering dedication to the highest standards of quality.

Our Services

At Agility Contracting Est., we are more than just contractors; we are partners in your success. We believe in building long-term relationships based on transparency, collaboration, and shared goals. We invest in our communities, promote sustainable practices, and actively contribute to the Kingdom's economic and social development.

Our turnkey contracting services start with a detailed project planning phase, where we conduct thorough assessments and feasibility studies. Our seasoned project managers ensure effective coordination, resource allocation, and timely progress tracking to guarantee the successful execution of your industrial construction project.

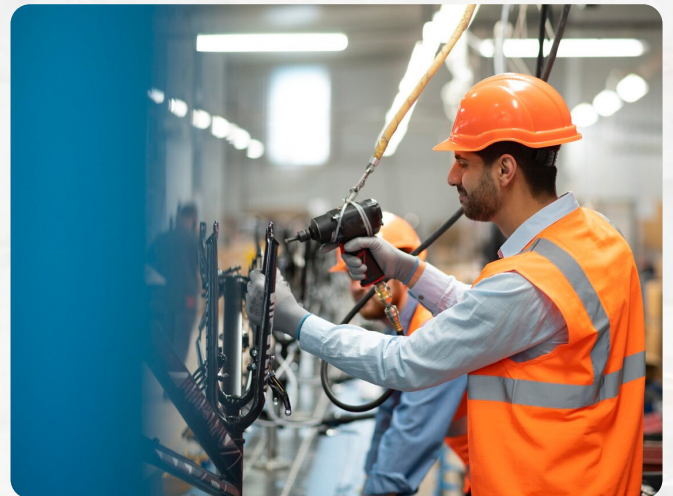

Civil Construction

Our Civil Construction services encompass a wide range of projects, including the design, planning, and execution of civil engineering structures. From building foundations to infrastructure development, we bring expertise in ensuring the structural integrity and functionality of all construction endeavors.

Mechanical Construction

Our Mechanical Construction services focus on the installation, maintenance, and optimization of mechanical systems within industrial settings. From machinery installation to HVAC systems, we provide comprehensive solutions to meet the diverse needs of mechanical construction projects.

Electrical & Instrumentation

Our Electrical & Instrumentation services cover the design, installation, and maintenance of electrical systems and instrumentation in industrial facilities. We specialize in ensuring the efficient and reliable operation of electrical infrastructure and control systems.

Engineering Division

Our Engineering Division offers a comprehensive range of engineering services, including civil, mechanical, and electrical engineering. We provide innovative solutions, detailed planning, and project management expertise to ensure the success of diverse engineering projects.

Manpower Supply

Our Manpower Supply services offer skilled and experienced personnel to support various industrial projects. Whether you need project managers, engineers, or skilled labor, we provide a reliable workforce to meet your staffing requirements.

Material Trading & Equipment Rental

Material Trading services involve the sourcing and procurement of high-quality building materials, equipment, and machinery for industrial projects. Our Equipment Rental services provide access to a fleet of well-maintained heavy machinery and equipment for various construction and industrial needs.

- ◆ Concrete Foundation Works
- ◆ Dewatering Services
- ◆ Temporary Site facilities

MECHANICAL CONSTRUCTION

- ◆ All kind of pipes installation
- ◆ Butt & Strap Joint
- ◆ Double Bell Coupling joint
- ◆ Flange joint
- ◆ HDPE underground & above ground installation
- ◆ FRP underground & above ground installation
- ◆ Welding various type of steel & alloy
- ◆ Structural-Manholes installation & Joints
- ◆ Field Adjustment
- ◆ Pressure Testing
- ◆ Hydro Testing
- ◆ Gravity Testing

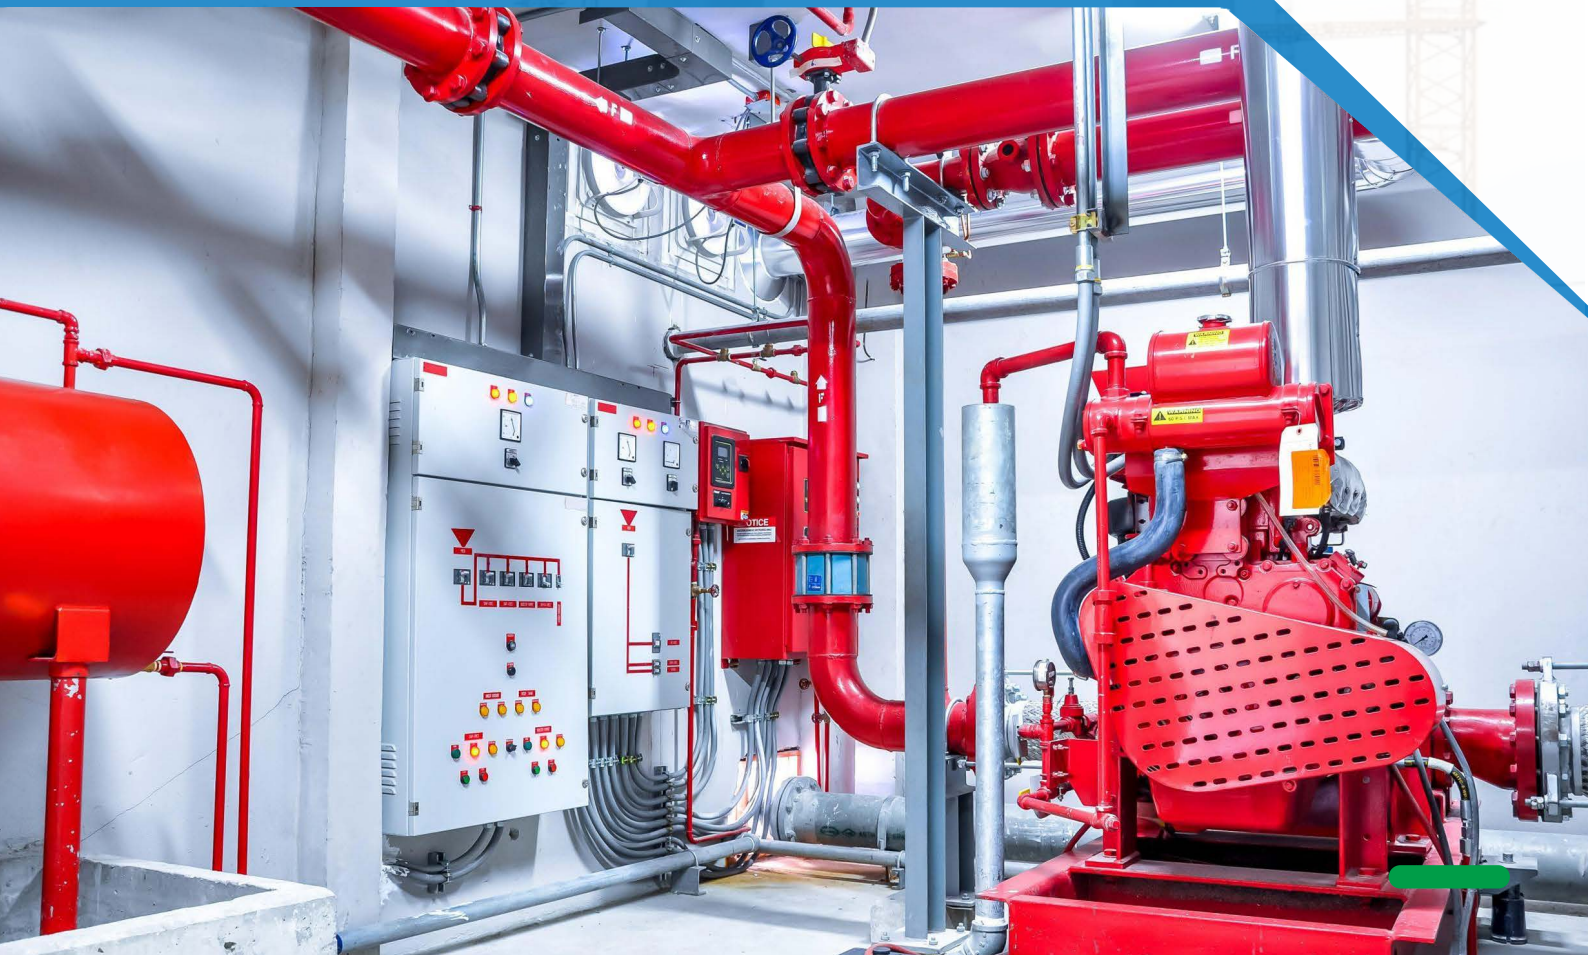

ELECTRICAL & INSTRUMENTATION

- ◆ Plant and Building Electrical Works
- ◆ HV/MV/LV Switch Gear Installation
- ◆ HV/MV/LV Transformer Installations
- ◆ HV/MV/LV Cable Installations
- ◆ HV/MV/LV Cable Termination
- ◆ Panel Board
- ◆ Cable Tray Installations
- ◆ Lightings Groundings
- ◆ Switch Gear & Controls

FIRE FIGHTING SYSTEM

- ◆ Fire Fighting –Sprinkler Installation & Maintenance
- ◆ Fire Hydrant System & Pump Room
- ◆ Fire Alarm –Installation & Maintenance
- ◆ FACP Programming, Testing and Commissioning
- ◆ Emergency / Exit Lighting System
- ◆ Fire Extinguisher Installation
- ◆ Gas Detector installation
- ◆ Fire Suppression System

Engineering SERVICES

● Pre-design Services

- Preliminary Studies
- Cost Estimation

● Design Services

- Preparation of Final Design Drawings
- Preparation of Technical Specifications
- Cost Estimates

● Post Design Services

- Tender Assessment & Assistance
in Contract Negotiations
- Project Construction Management
- Field Supervision
- Quality Assurance
- Testing and Commissioning

● Specialty Areas

- Pipelines
- Industrial and Military Facilities
- Sewerage Systems & Treatment
- Water Systems & Treatment
- Storm Drainage Systems
- Infrastructure Engineering
- Masterplanning
- Hospitals
- Governmental Buildings
- Banks

Industrial Trading **SERVICES**

- ◆ Pipes & Fittings
- ◆ Valves
- ◆ Concrete repair & Waterproofing products
- ◆ Electrical Items
- ◆ Instrumentation items
- ◆ Equipments and Parts
- ◆ Steel Products-
Comercial,sheets, Rebars
- ◆ Scaffolding Materials
- ◆ Safety Materials (PPE) & Firefighting
Materials
- ◆ IT and Networking Products
- ◆ Hydraulic & Pneumatic fittings
- ◆ Welding Materials
- ◆ Hand Tools & Machine Tools
- ◆ Cleaning Supplies
- ◆ Industrial & Construction Chemicals
- ◆ Office Supplies
